SOUTHERN INTER-COLLEGIATE ATHLETIC ASSOCIATION.

Its Organization,—Officers and Constitution.

Athens, Ga., January 1.—The convention of several of the prominent Universities of the South met in Athens last Saturday to take some action in regard to the development of college athletics in the south, has given out the minutes and doings of the convention through the secretary, Dr. Charles H. Herty, of the University of Georgia.

The object of the convention was not to form any association for the arrangement of scheduled games between colleges but more properly to form some kind of an organization, with constitution and laws, by which colleges belonging to the association would be governed in any games that might be played.

There were eight of the southern universities represented and those not represented will be invited to join the association.

The convention was called to order and Dr. W. L. Dudley of Vanderbilt University, made temporary chairman, and Dr. Charles H. Herty, of the Georgia University, temporary secretary.

The organization was perfected under the name of The Southern Inter-collegiate Athletic Association, the officers of which were to be a president, vice-president, secretary and treasurer, and an executive committee consisting of these three and two others.

D. W. L. Dudley, of Vanderbilt University, was made president, Mr. R. F. McMillan, of Sewanee, vice president, Dr. Charles H. Herty, of the University of Georgia, secretary and treasurer, and Messrs J. V. Brown of Auburn, and J. R. Dewberry of the University of Alabama, the other two members of the executive committee.

Below will be found the constitution drawn up by the convention which will be submitted to the colleges represented and others not represented for ratification and indorsement.

Article 1. Name: The name of this organization shall be The Southern Inter-Collegiate Athletic Association.

Article 2. Object: Its object shall be the development and purification of college athletics throughout the South.

Article 3. Officers: The officers of this association shall be a president, a vice-president, and secretary and treasurer.

There shall also be an executive committee, consisting of the three officers aboved named and two other members of the association.

Article 4. Duties of officers: The

president shall preside at the annual convention of the association, and at all meetings of the executive committee. He shall issue a call for a meeting of the executive committee whenever necessary.

The vice-president shall perform the duties of the president in the latter's absence.

The secretary and treasurer shall keep records of the meetings of the executive committee. He shall have charge of all funds of the association, and shall submit a detailed statement of all receipts and expenditures to the annual convention.

Article 5. Annual convention: There shall be an annual convention of the association, the place and time of the meeting to be decided upon by the previous convention.

In this convention each college represented by a delegate in person shall be entitled to one vote.

All officers are to be elected by the annual convention.

Any vacancy in office, occurring between the meetings of the convention is to be filled by letter ballot.

Article 6. Officials in contests: No person shall be an official in any football or base-ball contest between any of the colleges of this association who is an alumnus of, or has ever been connected with, either of the contesting colleges.

Article 7. Time limit: No person shall play more than five years in this association.

Article 8. Qualifications of contestants: No professional athlete shall take part in any contest of this association. A professional athlete is a man who has at any time received money to play on any team, or for his athletic services as coach, trainer, athletic or gymnasium instructor, or who has competed for a money prize or portion of gate money in any contest, or who has competed for any prize against a professional. No player or contestant of any university or college shall be paid or receive, directly or indirectly, any money or financial concession or emolument, as present or past compensation for, or as prior consideration or inducement to play in or enter, any athletic contest, whether the said remuneration be received from or paid by or at the instance of any organization, committee or faculty of such university or college or any individual whatsoever.

In case of training table expenses, no organization or individual shall be permitted to pay for the board of a player at said table more than the excess over and above the regular board of such player.

Furthermore, no person shall be eligible to take part as a contestant in any event of this association, who is not a bona fide student of the college on whose team he plays, matriculated for the then current college

year and regularly pursuing a course in said college which requires his attendance upon at least five lectures or recitations a week, or their equivalent.

The manager or acting manager of any team may require any opposing team to furnish him two weeks before a contest, a list of the players from which its team is to be selected. Each person whose name is on the list must be eligible according to this constitution. This list shall be accompanied by a statement signed by the president of the college, or secretary of the faculty, that the persons named thereon are bona fide students of said college. Upon challenge, any one of the named players may be required to submit an affidavit that he in no way violates the constitution of this association. If this be unsatisfactory, the matter shall be laid before the executive committee.

No instructor or professor shall play on any of the teams of this association.

Article 9. Suspensions: If in any contest a player be disqualified, the captain of the opposing team must send at once to the president of the association notification of such disqualification certified by the officials of the game. In case of a second disqualification of a player during the same season, the executive committee shall investigate the offenses charged against said player. If the charges are sustained, said offender shall be suspended for one year in the sport in which the offenses occurred.

Any college playing a suspended or debarred player, shall be suspended from this association for one year in the sport in which the offense occurred.

A team which has been suspended, can play no other team in this association in said sport until said suspension be removed.

Article 10. Expenses: Any expenses incurred during the year in carrying out the executive work of the association, shall be divided equally among the colleges in the association.

Article 11. Miscellaneous: Any questions not covered by this constitution shall be referred to the executive committee, with power to act.

Article 12. Amendment: This constitution may be amended only at the annual convention, and by a majority of the votes. Any proposed amendment must be forwarded in writing to the secretary of the association at least two weeks before the convention meets. The secretary shall then forward a copy of the proposed amendment to each college in the association.

Y. M. C. A.

The last two meetings were interesting ones. On Jan. 5th, a proposal from Mr. F. L. Willis, state secretary, was read and discussed with the following results: Until the 23rd commencing on last Monday the association will assemble in the college chapel immediately after evening roll call for a short prayer meeting. From the 23rd to the 27th inclusive an evangelical meeting will be conducted by Bro. Willis assisted by Mr. Brockman. In addition three Bible workers training classes were organized and are at work. It is to be hoped that this meeting will be one of the great blessings to the college. Let all christians join in our prayer that God may give grace and send His spirit to do great things.

On the 13th, Dr. Rush, the new Methodist preacher gave an exceedingly interesting and profitable talk filled with great thoughts of life and character.

Literary Societies.

The Websterians have been pulling along smoothly. They have already elected their Washington's Birthday celebration speakers and officers. The Wirts have been endeavoring to hold a meeting, but fate seems against them. The members have not come out, as soon as they can have a meeting they propose to overhaul their constitution. All who have ever been interested in literary society work or would feel an interest in a well organized prosperous society will do well to come to the next meeting. If possible a reorganization will be effected, and where each one bonds himself with the others and promises to come out to all the meetings, why should not the society do well?

Senior Class Officers.

At a meeting of the Senior Class last Monday morning the following are the regular officers elected for the present session:

President.	B. B. Haralson
Vice-President.	H. Bickerstaff.
Orator.	W. R. Shafer.
Poet.	L. V. Coleman.
Historian.	H. W. Taylor.
Prophet.	H. H. Smith.
Sec. and Treas.	G. F. Chambers.
Chaplain.	S. L. Coleman.
Class Colors.	Red and Black.

In the choice of their officers the main object kept in view by the class was to select true representatives of their class with out regard to any kind whatever of partisan spirit and it is the belief of all that this object was accomplished. The result was perfectly satisfactory to all. And considering the true worth of the men there is no doubt that they will fill their positions with honor to themselves and to the class they represent.

The exercises are to take place on the 22nd of Feb. and they bid fair to equal if not surpass any of similar character in all the history of the college.

All business should be addressed to the Business Manager.

We will be glad to receive the subscriptions of all the Alumni and friends of the College receiving a copy of this issue.

Entered at the Auburn Post Office as second class mail matter.

In order to complete our file, we need several back numbers. If any one has one of the first four issues we would be glad to get it, and esteem it a great favor.

In this issue we publish much that was left out of the last. Having been lost in the mails on its way to the printer, it was not put in as intended. This is why our last issue contained so much foot ball. We trust that our readers who did not approve of so much on this subject will appreciate our position as explained above.

One of the model students resolved among other things "That I will subscribe for THE ORANGE AND BLUE and pay my subscription at once. This is a newsy little paper, needing my support and I will not be doing my duty if I don't subscribe. Every one who can afford to spend money for all kinds of luxuries and is not able to subscribe for his college paper or will not is not fit to be a student. A paper like THE ORANGE AND BLUE can if properly conducted do much for our college and it may be that this unpretentious little sheet may be the basis of a larger weekly next year. Yes, it is my duty to help on the good work.

That I will send a copy of THE ORANGE AND BLUE to my best girl that she may read it and know what is happening where I am. She will appreciate it and think of me every time she reads it."

In a back number we made mention of the fact that the athletic committee had been organized and in good work was promised, but since that time we have seen no evidence of activity on the part of the committee and have wondered why it is. Evidently the members are not doing their duty. Now, they may severally have their private reasons for doing nothing but we venture to say that there is no reason why they should not have made some manifestation of their existence. The gymnasium should have been opened, the athletic association organized, and many preparations for field day commenced. We think it no more than right that the men of the committee which has these things in charge should either do something or resign in favor of some who will do the work required of them. We suggest to the athletic committee of the faculty that they take a hand in getting things started. There is no denying the fact that something should be done. Let us have the gymnasium opened if nothing else is done. We trust that the committee will be more careful of their duty hereafter, and leave no cause of complaint as now heard on every hand.

Attention '94.

According to custom the class of '94 should have decided upon a time and place of reunion before they graduated last commencement. But for some unknown reason this was neglected. It is now time that something was done to remedy this neglect. For this purpose the editor of this paper, as he is in a convenient position to do so and was requested to do by several members of the class, will receive suggestions as to the best place and time of reunion. The members of the class are earnestly requested to give the matter their considerate attention and send in their opinions that we may if possible come to some decision in the matter. Any communication on this line will be cheerfully received.

Mr. B——t, upon observing how frequently and long the gas lights were kept burning in the chemical laboratory, wished to know if the college didn't burn a lot of vasoline.

LOCAL AND PERSONAL.

Mrs. Reuben Kolb, Jr., of Birmingham, is visiting her parents.

The coldest weather for years was experienced Friday night, Dec. 28th. The thermometer registered 10. Jess Jackson says Dr. Anderson's thermometer went "clear out of reason." If the thermometer was made of alcohol we may reasonably suspect that the alcohol went out of sight.

It is time for the Websterian Society to elect the orator for Commencement.

We desire to congratulate the Cadets upon their success at foot ball this season, especially upon their victory over Auburn, and also upon the manner which they have so modestly and yet so unquestionably proved the slanderous assertions made by the defeated teams to be wholly untrue.—Central College cullings in Crimson-White. Considering the source this is surprising.

Prof. and Mrs. Welch of Trinity College, N. C. spent X'mas with Prof. Stedmans family

The University wants a let up. We dont blame them a bit. An institution that has its irregularities heralded in every sheet and replies to strong arguments with sugar coated dewberries deserves more "let on" than "let up." But if it please the University, we shall let up. Nothing detracts more from an institution's reputation than a controversy, no matter on what subject it may be.

The last issue of the Crimson White was excellent.

The last issue of the Alabama Educational Exchange contains a good article on Athletics in Colleges, with especial reference to foot-ball and its abuses. It is published by a Tuscaloosa graduate, too! shake.

Mrs. T. J. Mathews and Miss Mamie Williams of Sylacauga, accompanied by her three children, visited her old home during X'mas.

Messrs Duncan, Conner, Adams and Peevey spent X'mas at their homes. Moore spent his time in the parlor of the hotel while Boyd kept up his reputation for rushing the ladies. On a certain visit he was getting along swimmingly until a fair dame asked him what was the name of that thing when a baseball player knocks a ball out of sight. He went.

Miss Annie Head, teacher of art in the Barnsville Ga., Institute, visited her parents during X'mas.

Dr. Geo. Broun, '88 of Birmingham spent the holidays at his old home.

The senior class numbers thirty and out of that number only five smoke. Ninety-five stands out with-

out a rival

Mr. Lancy, of Peryle, is taking instructions in scientific farming at the experiment station.

The latest diliquent report which created considerable indignation was made against Lt. (I shall not Ask-you) for "molded lip."

Mrs. McCavley, of Rock Springs, has moved to the city for the purpose of educating her sons.

Mrs. Reuben Kolb, Jr., and children left last week for Birmingham, their future home.

Billy Bussey seems to be strict(Ly) in it again.

Mr. C. W. Dowdell, or rather "Uncle Crof," as soon as necessary arrangements are made, will enter upon his duties as our new post master. His clerks will be Misses Annie Laura Dillard and Miss Caro Dowdell. We are safe in saying that Uncle Crof with his efficient clerks will make a very satisfactory post-master.

Mr. Williamson has made a very accommodating and excellent officer and returns with the good feeling of having performed his duties with satisfaction to everyone. The post-office will soon be moved to the new Thomas building.

Much to the regret of every Auburn person, Mr. F. Hill, our most popular depot agent has been changed by the Western to LaGrange. Mr. Hill is one of the best men Auburn has ever known. Accommodating, genial and gentlemanly he has made friends of all. We realize our loss in his departure and are consoled only, in knowing that the change is his gain. He was promoted to a more lucrative position, something he richly deserved. His family will continue here for the present owing to the bad health of Mrs. Hill.

Another new family in town is that of Mr. King. He has opened up a stock of groceries on the east side of college street.

The result of the city election was as follows: Mayor, T. P. Wimberley; Councilmen, C. E. Little, W. S. J. Lampkin, J. W. Harris and J. A. Cullars, Marshall; Charles Moreman.

George Bondurant needs a Princeton trainer for his mustache. Like the unsprouted grain, in the ground, they are as yet unseen, but promise a harvest for the future.

Judge Gullatte still makes his occidental perambulations. Judge, your hair is not yet getting gray, but you should make a long story short.

Mr. Bernell Boykin, an old A. & M. graduate, and Miss Virginia Pol-lard, both of Montgomery, are soon to be married.

Miss Mary Lou Harris, of Nashville, who has been visiting Miss Ella Lupton for some weeks has returned home. Miss Harris is one of the most excellent young ladies that have ever visited Auburn. During her stay here she has made hosts of friends who regrets very much that she can no longer be with them.

They say that N——s has worn the paint off of the Gent's front gate.

Mr. Duncan McDougald, a former student of the college, and now travelling salesman for the firm of J. K. Orr & Co. of Columbus, spent several days in the city last week.

They say that LeV^{ert} has struck a happy medium. He also struck nine I's.

Prof. Crenshaw went down to Montgomery last Wednesday night to hear Miss Zaw, but could not get standing room in the theatre. However he was not so very much disappointed with his trip, as he accompanied a most charming young lady of Nashville.

How I——n wriggles when you mention one name.

They say that Tom Cowan doesn't let the dummy interfere with his dinner, nor with his girl.

The wedding bells announce the marriage of Mrs. Eukala Wimberley, of this city to Mr. Smith T. a prominent business man of Opelika. We anticipate them with our congratulations.

Miss Rena Small, of Mississippi, Miss Mary Drake, of Columbus, and Miss Lucy Cowan, of Opelika, have been on a visit to the Misses Persons during the past week. Miss Small will remain with us some weeks.

This peculiar dialogue took place at a house party at Mrs. Nelson's, Selma:

Miss N—Mr. S. how old are you?

Mr. S. (sleepily)—Eleven o'clock.

Miss N. (later)—So you like Thackary Mr. S?

Mr. S. (dreamily)—Yes, I-hic-like eleven oclock.

Wilmer (Duck) Calloway of '91, now a prominent business man of Montgomery, on Dec. 28th was married to Miss Mattie Lou Merreweather of Snowdown. Duck was a gay bird in college and a general favorite.

If you cannot understand our jokes call on our regular joke and pun translator in ninth story. You will recognize his office by the large sign in front: Gone to Dinner. There are no extra charges.

R. G. Baker, '91, post graduate '92 of Montgomery was in the city one, day last week shaking hands with old friends.

A conceited young fellow in the Geneva course being requested by his professor to address him in German, replied wisely, "Ich bin ein Ezel, Mien Herr," Prof. R. (contemptuously)—I know it, sir.

A joke over one hundred years of age will positively not be received. We must keep our stock open for the spring season.

Cadets Peevey and L. V. Coleman are at home preparing for a competitive examidation for appointment to West Point. They will both return to college in February.

The many friends and admirers of Miss Mamie George Linn are glad to see her back from her long visit to Montgomery.

Mr. Ed Gachet, who has a position with the L. & N. R. R. Co. at Montgomery was up on a visit to his parents last Sunday week.

Prof. Geo. S. Clark of Snowdown, who has the chair of Physics and Engineering at Sewanee, was in the city last week. Parson still feels a little interest in our place, we have heard on several occasions.

On Monday evening, Jan. 7, pursuant to a call announced at the evening roll call a number of cadets met immediately after retreat in the chapel to elect baseball officers. Mr. W. M. Riggs acted as chairman of the meeting. It was decided to elect a manager and captain without further delay. Riggs was elected manager and H. H. Smith was chosen captain for three weeks, at the end of which time a successor will be elected. Since this step of organization we should have some good baseball practice on good afternoons. The material thus far seen seems encouraging to the lovers of this sport, and there is no reason why we should not have a good team this season.

The next college lecture comes off Friday night and it will be delivered by Prof. C. H. Ross.

Dr. Broun (in Physics class)—Name a bad conductor, Mr. Howard. Howard—Tom Cowan of the dummy line.

Pretty good but not strictly true.

Isn't it probable that somebody liked egg-nog? Probably the young man had too much college spirit(s).

Dr. Stan Person of Columbus, visited his native town one day during the holidays.

Miss Small of Mississippi, is visiting the Misses Persons.

The Town Council has presented the Ladies Memorial Association with \$25 to be used in paying the small debt on the Confederate soldiers monument, which was erected at a large cost in 1893. The ladies of the Association deserve great credit for their work and the council is to be heartily commended for its recent action.

Mr. Ed Runals of Palka, Fla., is visiting the family of Mr. C. P. McElhaney.

The Rev. C. L. Chilton preached his farewell sermon Sunday, Dec. 30. Auburn has never had a more earnest, conscientious and consistent preacher of the Gospel.

Gen. Harrison, Congressman from this district and formerly commandant at Auburn, and his daughter Miss Mamie spent X'mas at their home, Opelika. The Gen. is making an effort in connection with prominent naval authorities, to have cadet D. F. Boyd's sentence commuted and to have that regulation changed in which demerits lower the classroom grades at Annapolis.

Mrs. Averett and family of Athens Ga., have moved to Auburn and are occupying the Drake place, north of the railroad

Question in Physics examination—

What is absolute zero?

Mr. S. (despairingly)—Dr. I am going to make an absolute zero on this examination.

Mr. Harrison and family of Loachapoka are new residents of Auburn. They occupy the Samford place.

Prof. and Mrs. Mell entertained quite a number of guests at a tea, Friday evening, Dec. 28th.

The "Love Sick League" is the latest organization sulking from the

festivities of the X'mas holidays. Its membership was at first limited to twelve, but so numerous were the demands that the membership has been increased to twenty. It has among its number such tried "old stagers" as Ben Haralson, Schweitzer, Douglas Taylor and even Shafer. Our business manager was elected an honorary member and was duly initiated. The two fundamental rules of the league are (1) the man who has it worse shall be elected President the election to occur once a week (2) Each man must receive at least one letter a week from his girl or he will be expelled.

Cadet Charlie Nelson has the honor of being the first President. "Tick" was a close second and consequently was elected to the responsible position of Secretary. Upon him falls the important task of reading all the letters received and of answering the same. At the next meeting the sad case of Mr. Durham will be investigated. This poor unfortunate loved a beautiful young lady, but owing to his bashfulness postponed h's declaration of love until too late and two boys got in ahead of him—His grief is distressing.

—How many degrees in a circle?

Corp. McB— (facetiously)—That depends in the size of the circle.

The weather of last week, although not so cold as it has been this year, was undoubtedly the most disagreeable we have had this season. Notwithstanding this, only one or two cases of sickness have been reported among the college boys.

The grading on the campus is about finished. We now have one of the finest drill grounds in the south.

The boys of the college do not seem to take the interest in THE ORANGE AND BLUE that they should. The columns are open to contributions from any one in college who is able to get up something worthy of print. We have students from nearly every college in the state and some from such colleges as the Virginia Military Institute. There are about fifteen states represented and up to date there have matriculated about three hundred for the first season. This is the largest showing of any college in the state.
